Improving Interactions Law Enforcement + People who Use Drugs

Please fill out the questions below on your own.

1. Current State - What is the current situation? What is my role in reinforcing the current state? What is working well? What is not working well that we need to change?

2. Future State - What is the desired future state that the community wants? What is my role in creating that future? What can I do now knowing what I know now?

3. What is needed now to get us to the desired future? What solutions, ideas, recommendations do I want to put forth?
