2/1/2025

4/30/2025

Samples from:
All CDCN Sites

Laboratory
Confirmed Samples
434

Samples by what they were Sold As

Benzodiazepine	Cocaine	Fentanyl	Heroin	Ketamine	MDMA	Methamphetamine
20	26	213	17	8	15	101

Samples by Sold As Drug

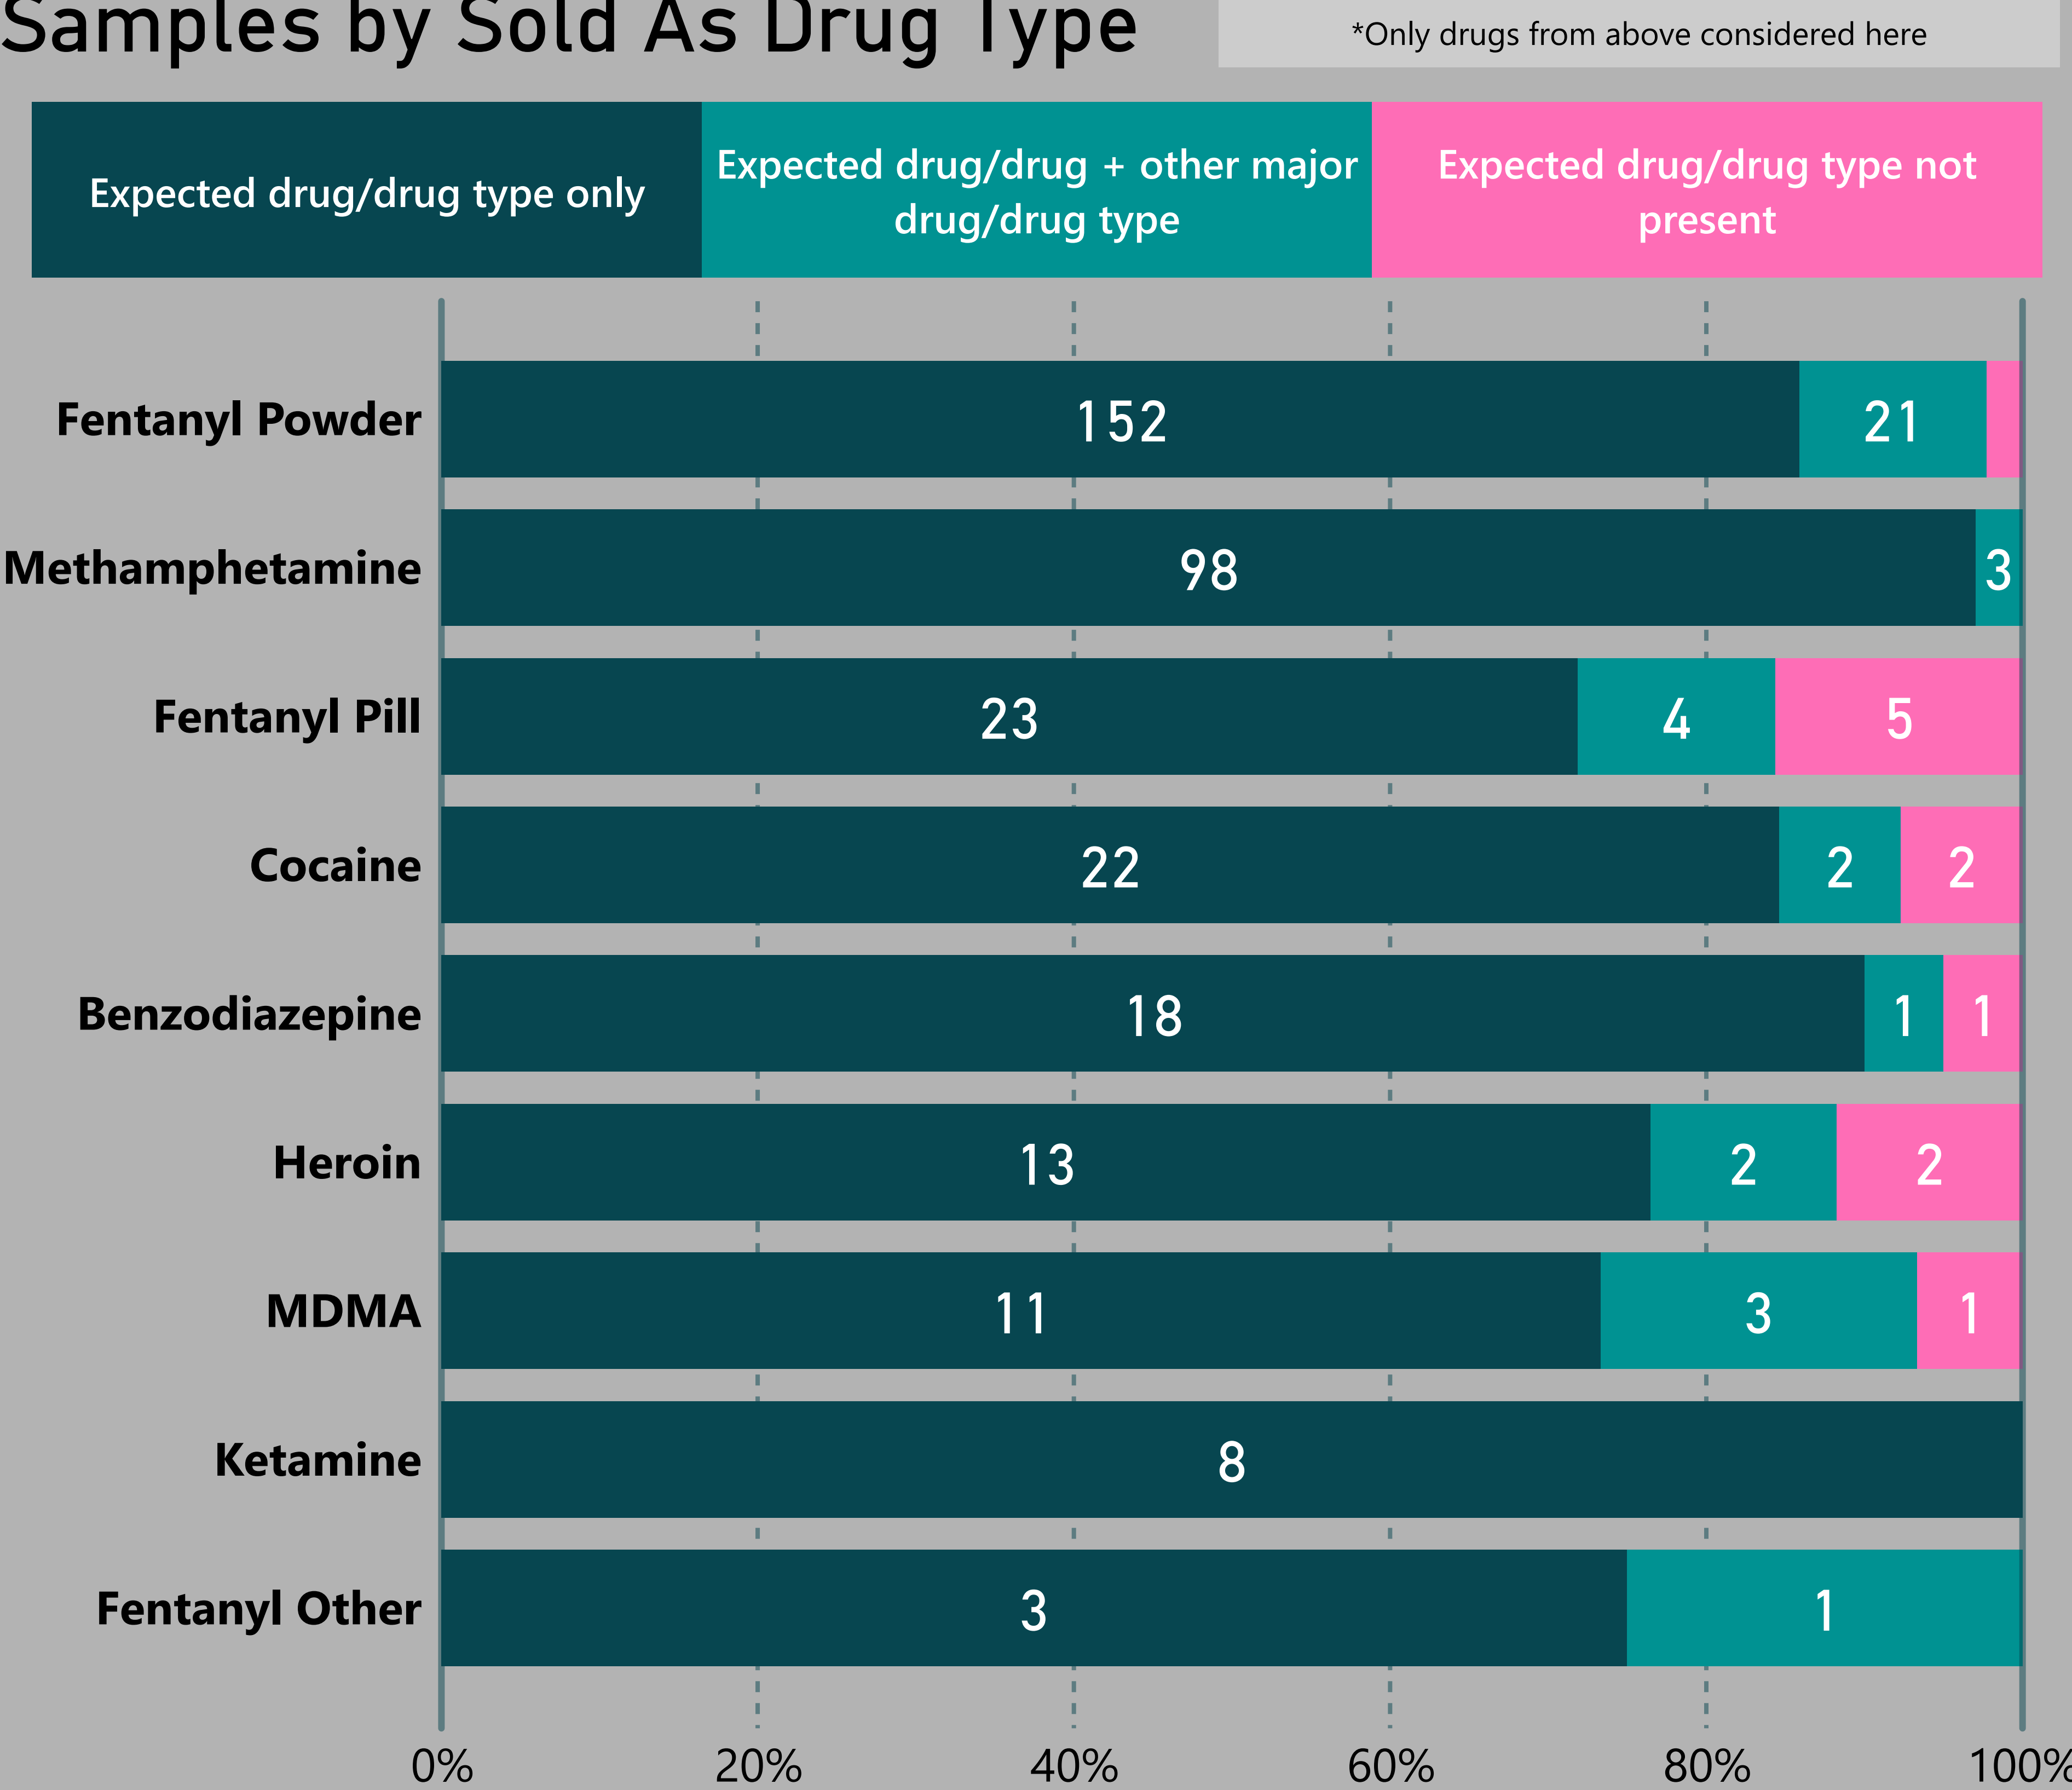

Keep In Mind:

- Drug checking may not detect all substances, especially in small amounts
- Fillers and cuts may not be reported or detected
- These numbers should not be interpreted as representing the local drug supply

Use safer practices when you can (carry naloxone, start low, go slow, use the buddy system)

Samples by Sold As Drug Type

Definitions: Expected drug/drug type not present, a sample contained none of the drug or drug type it was sold as; Expected drug/drug+ other major drug/drug type, a sample contained the drug type it was sold as and another drug or drug type of interest; Expected drug/drug type only, a sample contained the drug or drug type it was sold as and no other drugs of interest
