Tribal Land Acknowledgement

In applying a lens of cultural humility to issues of diversity, equity, and inclusion, the Northwest ATTC offers this land acknowledgement for today's event.

Our work intends to reach the addiction workforce in HHS Region 10: Alaska, Idaho, Oregon, and Washington. This region rests on the ancestral homelands of the Indigenous Peoples, who have lived on these lands since time immemorial.

Please join us in support of efforts to affirm tribal sovereignty and in displaying respect and gratitude for our indigenous neighbors.

The **Clinical Supervision Skills Video Demonstration series** intends to provide examples of how to utilize specific methods taught in the Northwest ATTC clinical supervision training series.

The series follows two mock supervisees and their supervisors demonstrating clinical supervision vignettes on providing feedback, building a professional development plan, and working through a corrective action. The supervisees in these videos are all relatively new to the field, making a more directive approach to supervision helpful for their stage of professional development. The videos below can be viewed as stand-alone or in sequence.

Our **Telehealth Video Demonstrations Series** also includes **Clinical EBP Demonstration Videos** and **Telehealth MOUD Video**

The Videos can be found at:

The Three Videos

1. The Feedback Model
2. Professional Development Plan
3. Corrective Action
