

# Preliminary Top Solutions to Test

---

*Directions: Begin to ideate the Purpose, Goals, Roles, and Ideas for this top solution.*

County: \_\_\_\_\_

Who is filling this out (names in the group):

**Purpose + Title of the Solution to test:** Clearly define the purpose of the pilot and its importance.

Develop a compelling **title and statement** to convey the purpose effectively.

**Goals of the Solution to test:** Identify high-level goals and critical success factors.

**Who is Involved, what key agencies are needed and what role might they play** - including people you may need to include who might not yet be participating in the project.

**What additional evidence is needed to finalize solutions and their implementation plans?** Additional evidence may help narrow down 1-3 solutions to try. Sources of evidence may come from empirical research, input from stakeholders in other regions, and/or input from other subgroups (e.g., people with living experience of drug use and/or legal involvement).
